B. Recognition Committee – Terri Elders

Terri and Lynette have been researching organizations to recognize and have decided on Brackens Kitchen, a 501-C (3). The organization, established in 2008

in Garden Grove, provides a threefold program for those encountering food insecurity. They have chef training, they recycle food from grocery stores, and use this to conduct community feeding. Their annual funding goal is \$600K. Terri was wondering whether the Board wanted to conduct the recognition presentation at the Spring or Summer luncheon. Terri stated that this would be the only organization that would be recognized this year. For more information, please see the attached web site.
